Teams now forming through Murray Parks & Recreation.... August 15 Deadline!

FIRST LEGO League (FLL) is an exciting global robotics and innovation program that ignites an enthusiasm for discovery, science, teamwork and technology in kids ages 9 to 14.

Students have the opportunity to solve real-world challenges by building LEGO based robots to complete tasks on thematic playing surface. FLL teams, guided by their imaginations and adult coaches, discover exciting career possibilities and through the process, learn to make positive contributions to society. Weekly team practices, clinics, and competitions.
